Streamlined, Reliable, and Versatile Booklet Maker

The SDD Square Fold Booklet Making solutions for the Canon imagePRESS V Family and varioPRINT 140 QUARTZ digital presses are designed with efficiency and quality in mind, enabling production environments to produce professionally finished booklets with minimal operator intervention. Create lay-flat booklets with a square-back finish to help improve the appearance of the final product while also elevating your customer's brand. And with the ability to add two-knife trimming, you can provide professional-looking, full-bleed, square-backed booklets.

For your most demanding work, the SDD Booklet Maker can produce vivid and beautiful booklets. Reports, brochures, manuals, policy documents, and more can be quickly printed and finished in one streamlined operation, helping to minimize the need for manual handling or finishing steps in between. And with the intuitive and flexible interface, operators can easily assign job settings to help make sure the correct settings are applied before production commences.
